WORK EXPERIENCE

Frontend developer intern, **Npontu Technologies**

OCTOBER 2022 - DECEMBER 2022

- Accomplished high-quality code by participating in code reviews as measured by adherence to standards.
- Stayed up to date with the latest web development technologies and best practices, ensuring a current and relevant skill set.
- Worked collaboratively with designers and other developers to implement design concepts and ideas, demonstrating effective teamwork and communication skills.

Intern, **CrowdReason Ghana**

DECEMBER 2021 - FEBRUARY 2022

- Validated property tax bills with a high degree of accuracy, as measured by error-free data entry and consistency checking.
- Checked for errors and inconsistencies in data entered, ensuring the integrity and reliability of the data.
- Followed established data entry procedures and protocols to maintain consistent and accurate data.
- Accurately entered and verified data into computer systems and databases, demonstrating a high level of attention to detail and accuracy.

LEADERSHIP EXPERIENCE

Campus Ambassador, **Developers in Vogue**

APRIL 2022 - PRESENT

Build a strong and engaged community of aspiring women developers on the campus through organizing meetups, online forums and fostering a sense of support and empowerment.

Volunteer, **Women Techmakers Accra**

MARCH 2023

Assist in welcoming and registering attendees, coordinating event logistics, engaging with the community, and providing overall support to ensure successful events.
